A safe place to sleep is just the beginning

Our Bed for Every Kid's Head campaign rescues homeless children from terrifying nights alone and days of grazing hunger.

But that’s what happens after they come through our doors that realize your support truly is life-saving.

DONATE NOW

Tiffany, first you’ll help us meet a child’s immediate needs.

Then, we can rebuild their lives.

Mother and Child Programs
Nurture a young mother who has only experienced rejection and abandonment.

Healthcare
Treat kids for common illnesses and injuries from living on the streets.

Education
Give young minds the tools to achieve their dreams.

Job Training Programs
Equip them with the skills they need on their journey to independence.

Help us reach our fiscal year end goal

For the 2 million kids at risk of homelessness each year, we are their only hope. With your help, we can transform the life of every homeless child.

DONATE NOW

Tiffany, we still need your help to ensure that every homeless child has a safe place to sleep. The streets are no place for a child to grow up, and your support will help them rediscover the love and hope they’ve been denied during their young lives.

Please help us meet our $200,000 campaign goal by the end of the fiscal year.

A good night’s rest is the first step in the healing process. From the moment our kids walk through our doors, your support will help them through the long night and every new door of opportunity that opens for them.

Together, we can continue to give homeless children a second chance to build a life independent lives.
